TEAM BUILDING

Situation

Your class organizes a school trip to London in order to reinforce the team spirit. You have selected a climbing activity at the O2 Arena and have collected information. Your group is composed of 24 pupils from 15 to 16 years old and 3 teachers.

Task

You present your project to your teacher for final agreement:

- You explain the activity proposed and why you chose it,
- You mention the differences between prices.

Vocabulary

team spirit: esprit d'équipe

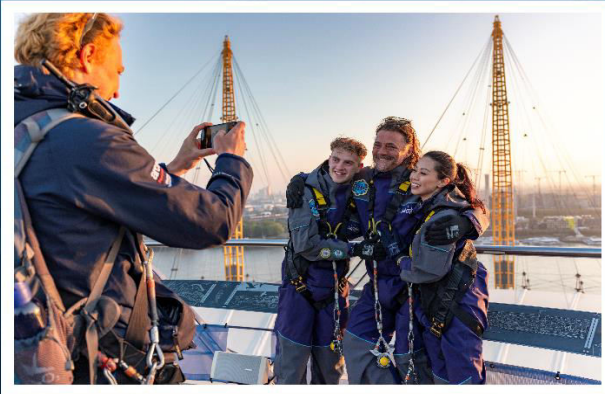

latch: mousqueton

to climb: escalader

get goose bump: avoir la chair de poule

to book out a slot: réserver un créneau horaire

have a giggle: rire aux éclats

A 90-minute climb experience you won't forget

Zip up your climb suits. Pull on your boots. Hook up your harness. Then make your way up the south face of one of the most striking buildings in London's skyline. You can head up in groups as big as 30. Leading the way will be our expert climb guides to share interesting facts from The O2's unique architecture to its famous visitors.

At the top, you'll be standing 52 metres above the stars, with 360-degree views across the historic part of London. You can spot famous landmarks up to 13 miles away. Head up in the daytime. Climb under a sunset. Or make your way over at twilight.
